

Attention: Work Education, Applied Learning, Careers, Pathways, Commerce and Enterprise Education Coordinators and Teachers

We are writing to update you on the resources that we have available to enhance your school's **work education, applied learning, pathways/careers, vocational and enterprise education programs.**

⇒ **I&E Unit 1: Workplace Participation - Work education text for Year 10 level (Unit 1-only):**

Due to popular demand, in 2010 we have released a new Pathways/Careers/Work Education student workbook. This book is ideal for those schools offering **Year 10 Pathways/Careers/Work Education programs** as well as Unit 1-only of Industry and Enterprise as part of a Pathways/Careers program.

I&E Unit 1: Workplace Participation is available both as a text workbook version for individual students or as a digital e-version on CD, containing fully reproducible and interactive PDF files licensed to be reproduced for your entire school program. Full previews are available on our website.

⇒ **Work and enterprise education texts for Years 10&11 (Units 1&2) and Year 12 (Units 3&4)**

We have 2nd editions of both of the highly respected texts - **Towards an Enterprising You** for Industry and Enterprise Units 1&2 and **Towards an Enterprising Australia** for Industry and Enterprise Units 3&4. Each text is also supported by a teacher CD that is usually made available free for class-set users or booklisting schools. The CDs contain over 300-400+ pages of additional and fully reproducible material.

⇒ **Applied Learning and Work Education master sets and pre-printed workbooks**

In 2009 we released six new sets of applied learning resources made specifically for units of **Work Related Skills**. Each set consists 100-120 pages of fully reproducible work units, ongoing learning activities, assessment tasks, pro-formas and much more.

We also have a range of fully reproducible applied learning and work education resources. In 2007 we released the general sets - **Personal Development Skills, Literacy Skills and Numeracy Skills**. Each contains 150+ pages of instant lessons, work units, ongoing learning activities, integrated assessment tasks and pro-formas.

Note: All applied learning master sets and I&E teacher CDs are only available directly from us.

Call or e-mail us to discuss which resources are most suitable for your learning programs.

Resource	Notes	Details
Careers/Pathways/ Work Education texts		
(GST inc. & postage charges apply)
